

Fixed Income Index Plus Basket

What is a Basket?

It is an investment model that is managed by a professional portfolio manager on a discretionary basis in your brokerage account. You directly own its underlying securities and receive the dividends and/or interest paid.

Investment Strategy

The Basket will be composed of exchange-traded funds (ETFs). Securities will be selected according to the attractiveness of different markets. Cash and money market instruments can also be apart of the portfolio. Your Investment Advisor may provide you with an Investment Policy Statement.
