Tactical Basket

NATIONAL BANK FINANCIAL WEALTH MANAGEMENT

What is a Basket?

It is an investment model that is managed by a professional portfolio manager on a discretionary basis in your brokerage account. You directly own its underlying securities and receive the dividends and/or interest paid.

Investment Strategy

This Basket invests factically in a variety of asset classes and seeks to optimize the risk-return relationship of your complete portfolio. The manager will tactically modify his investment mix in order to reap the potential advantages associated with altering market conditions. Your Investment Advisor may provide you with an Investment Policy Statement.
